Comment of Auditor Course Student

Joel Wenzel (Canadian)

My ability to communicate in Japanese has significantly increased since enrolling in Clark foreign Language School. My particular class is very small and I have had lots of time to practice conversations each day. The teachers are well prepared and go out of their way to help with each students' individual need. I'm happy that I chose Clark foreign Language School for studying Japanese.

Steve Yang (U.S.A.)

Studying at Clark was a wonderful experience for me. The faculty are knowledgeable and nice, they went above and beyond to help me with my Japanese after class. Also they encourage me to learn Japanese culture by giving me travel pamphlets before the holiday. I've learned a lot through the semi-private class, where I received more personal attention and opportunities to practice my Japanese. I think I made the right choice coming to Clark.
